Gentlemen:-

We expect to have the new coining press ready to start up next Wednesday, and after a trial of a day or two will probably notify you to come down and see it. We will hurry it all we can.

We shall be glad to furnish you another press for cutting off bars. We are just out of this size press however, but are building another batch which will be out in about four weeks, and perhaps we could get you a press a little earlier than this, if you are in a great hurry. Price will be the same as we charged you for former one, \$390 net, with one set of shearing knives and chucks with guages etc. and for extra set of chucks, knives and guages \$30 extra. It will be well for you to place the order as early as possible, as we are receiving orders constantly for these presses and can scarcely keep up with them. Hoping to hear from you soon, we are

Yours truly,
